

## Osaka-Rochester Theory Workshop

September 10, 2013

1. 10:00-10:50

Heng Liu, University of Rochester,

“Efficient Dynamic Mechanisms in Environment with Interdependent Valuations”

2. 11:00-11:50

Tomoya Kazumura (joint with Shigehiro Serizawa), Osaka University

“An impossibility of Allocating Objects with Non-Quasi-Linear Preferences”

Lunch

3. 1:00-1:50

Battal Dogan, University of Rochester,

“Responsive Affirmative Action in School Choice”

4. 2:00-2:50

Shuhei Morimoto, Kobe University,

“Strategy-Proofness, Efficiency, and the Core in Matching Problems with Transfers”

Coffee Break

5. 3:20-4:10

Will Phan, University of Rochester,

“Manipulation in Economies with Replicable Objects”

6. 4:20-5:00

Hikaru Kondo, Osaka University,

“Notions of Anonymity for Object Assignment: Impossibility Theorems”

7. 5:10-5:50

Asen Kochov, University of Rochester,

“Geometric Discounting in Discrete, Infinite-Horizon Choice Problems”
